Projects

Web - Projects

- Kalrav Interior (www.kalravinterior.in) (In Progress)

  I made this portfolio website for one client which demonstrates the interior design projects and work of my client. I made this website using HTML, CSS, and JavaScript.

UI/UX Designing Projects

- Kalrav Interior ([Figma Design Link](#))

  I made a design and wireframe of the whole website in figma which demonstrates my client's work.

- RTE Assist (Application Design) ([Figma Design Link](#))

  This is my DE project of 5th semester, which has done the whole process of admission under the RTE act in school online. also show the payment status and you can make a school transfer request online.

Android App Projects

- Internet Speedometer

  I made a simple android app which measures internet speed and shows it on your mobile's notification.

- All In One Unit Converter

  It is a Unit Converter application that converts different units like weight, temperature, pressure, angle, length.
